Hours of suffply of electric energy

File No. 6173/36 M

Std. Sectt. Slip 24-B

Circular.

No.8224/36-El.(II). Public Works Department,
Bombay Castle,30th November 1946.

To

All District Magistrates.

Subject: Restriction in the use of electricity.

With the lapse of the Defence of India Act and Rules,the restriction and control over the supply of electricity by public electricity undertakings in the Province of Bombay are withdrawn with effect from the 1st October 1946 in respect of the following undertakings:-

Messrs.The Broach Electric Supply and Development Corporation,Limited.
" The Bhusawal Electricity Company,Limited.
" The Nipani Electricity Company.
" The Amalner Electricity Company,Limited.
" The Ahmednagar Electric Supply Company,Limited.
" The Bagalkot Electric Supply Company.
" The Yeola Electric Supply Company,Limited.
" The Barsi Electric Supply Company.
" The Sangamner Electric Supply Company.
" The Viramgam Electric Supply Company,Limited.
" The Sholapur Spinning and Weaving Company,Limited.
" The Bijapur Electric Supply Company,Limited.
" The Dhulia Electric Supply Limited.
" The Nadiad Electric Supply Company,Limited.
" The Satara Electric Supply Company,Limited.
" The Matheran Electric Supply Company,Limited.
" The Nandurbar Electric Supply Company,Limited.
" The Anand Electric Supply Company,Limited.
" The Bassein Electric Supply Company,Limited.
" The Manmad Electric Supply Company,Limited.
" The Mahad Electric Supply Company.
" The Sinnar Electric Supply Company.
" The Udwada Tapi Electric Supply Company,Limited.
" The Gadag Electric Supply Limited.
" The Byadgi Electric Supply Limited.
" The Ranebennur Electric Supply Company.
" The Jubilee Electric Works.
" The Haveri Electric Supply Company.
" The Igatpuri Electric Supply Company.
" The Palghar Navli Electric Supply.
" The Savda-Faizpur Electric Supply Company, Limited.
" The Amalgamated Electricity Company,(Belgaum), Limited, (Bulsar Branch).
" The Chalisgaon Electricity Company.
" The Jalgaon Electric Supply Company,Limited.
" The Koregaon Electricity Supply.
" The Rander Electric Supply Company.
" The Karad Electric Supply Company,Limited.
" The Dharwar Electric Supply Company,Limited.
" The Pandharpur Electric Supply Company,Limited.
" The Sanand Electric Supply Company,Limited.
" The Light and Power Supply Limited,(Athni).
" The Wai Electric Light and Power Supply Corporation, Limited.
" The Dakor-Umreth Electric Supply Company.
" The Amalgamated Electricity Company(Belgaum) Limited, Belgaum Branch.

The control over the under-mentioned undertakings has, however, been continued under the provisions of the Bombay Electricity (Emergency Powers) Act, 1946 (Bombay Act No.XX of 1946) :-

1. The Tata Hydro Electric Power Supply Company,Limited.
2. The Andhra Valley Power Supply Company,Limited.
3. The Tata Power Company,Limited.
4. The Bombay Electric Supply and Tramways Company,Limited.
5. The Bombay Suburban Electric Supply,Limited.
6. The Poona Electric Supply Company,Limited.
7. The Thana Electric Supply Company,Limited.
8. The Kalyan Electric Supply Company,Limited.
9. The Lonavla-Khandalla Electric Supply Company,Limited.
10. The Panvel Taluka Electric Development Company,Limited.
11. The Amalgamated Electricity Company(Belgaum),Limited, Bhiwandi Branch.
12. The Ahmedabad Electricity Company,Limited.
13. The Surat Electricity Company,Limited.
14. The Nira-Lonand Electric Supply Company.
15. The Godhra Electricity Company,Limited.
16. Mahableshwar Electric Supply, C/O The Panchgani Electric Supply Company,Limited.
17. The Malegaon Electricity Company,Limited.
18. The Nasik-Deolali Electric Supply Company,Limited.
19. The Panchgani Electric Supply Company,Limited.
20. The Chopda Electric Supply Company,Limited.
21. The Dohad Electricity Company,Limited.
22. The Baramati Electric Supply Company,Limited.
23. The Junnar Electric and Water Supply Company.

2. In view of the shortage of diesel oil a scheme for restriction in the hours of supply of electric energy by electricity undertakings operated on that oil has been in force since August 1942 and the hours of supply of various undertakings in this Province were restricted, under instructions from Government,by orders issued by the District Magistrates concerned under clause (a) of sub-rule (2) of rule 81 of the Defence of India Rules.It is observed that some District Magistrates are issuing,where necessary, similar orders under the Defence of India Rule 81 mentioned above, read with section 7 of the Bombay Electricity(Emergency Powers) Act,1946. This action of the District Magistrates is not in order as this Act does not provide for any curtailment in the hours of supply by the licensees. In this connection,Government is advised that orders issued by the District Magistrates under clause (a) of sub rule (2) of rule 81 of the Defence of India Rules restricting the hours of supply by the licensees as well as the supply of electric energy to particular consumers at specified hours,do <u>not</u> continue to be in force under section 7 of the Bombay Electricity (Emergency Powers) Act,1946, but that they continue to be in force under the provisions of the Emergency Provisions(Continuance)Ordinance,1946, which has been published in the Government of India Gazette, Extraordinary, dated the 25th September 1946, and republished in Part IV of the <u>Bombay Government Gazette</u>, dated the 4th October 1946. Government is further advised that such orders can now be issued by the District Magistrates, under instructions from Government, under Rule 81(2)(a) of the Defence of India Rules as continued in force by section 2 of the Ordinance mentioned above.

3. With regard to orders restricting the hours of supply of various Electric Supply Companies, which are either <u>controlled</u> or <u>decontrolled</u>,the District Magistrates concerned are requested to cancel them forthwith. Ordinarily,on the expiry of the Defence of India Act and Rules on the 30th September 1946, the regulation of the hours of electric supply by the licensees would have been governed by the terms of their licenses and the provisions of the Indian Electricity Act,1910, but for the promulgation of the Ordinance referred to above. If, therefore, the hours of supply of such of the licensees as are required to be absolved from their liability to give 24 hours' supply are to be restricted, each such case when received, will be considered by Government on its merits, subject to the undertaking by the Companies concerned that they bring their plants up to standard with the minimum delay possible. The District Magistrate concerned will then be advised to issue the necessary Order under the provisions of the Ordinance referred to above.

4.

4. So far as ~~xxdxxxx~~ orders, if any, issued by the District Magistrates under clause (a) of sub-rule (2) of rule 81 of the Defence of India Rules restricting the supply of electric energy to particular consumers at specified hours relating to the 23 controlled Companies mentioned above are concerned, they continue to be in force under the provisions of the Ordinance referred to above, vide paragraph 2 of this Circular. As,however, it is necessary to review such cases, the District Magistrates concerned are advised to instruct the Supply Companies within their respective jurisdiction to represent to Government in the matter,so that each such case will be considered on its own merits and necessary instructions issued to the District Magistrates in due course.

With regard to similar orders,if any, relating to the decontrolled Companies, the District Magistrates concerned are requested to cancel them forthwith. In case such orders are considered necessary on representation by any of the decontrolled Companies, such cases will also be reviewed by Government, in consultation with the Electrical Engineer to Government, and the District Magistrates will then be advised to issue necessary orders under the provisions of the Ordinance mentioned above.

5. The District Magistrates concerned should,please,report to Government and the Electrical Engineer to Government any action taken by them in pursuance of the instructions contained in this Circular.

By order of the Governor of Bombay,

G. N. Pandit,
Deputy Secretary to the Government
of Bombay, Public Works Department.

D.A:Nil.

Copy forwarded for information to the Electrical Engineer to Government with reference to his No.LRM 31/3281, dated the 21st November 1946.

2. The Electrical Engineer to Government is informed that the instructions contained in paragraph 3 of the above Circular are in supersession of the orders issued to him in paragraph 3 of Government Letter No.8215/36-El.(II), dated the 21st October 1946. The Supply Companies concerned should however, be made to understand quite clearly that they should bring their plants up to standard with the minimum delay possible and that unless they satisfy Government that they have taken steps in this direction, no restriction of hours will be granted.

File No. 6173/36.
28. SEP. 1942
Serial No. 23052

Letter No. 174 of 42-43 of 9-9-1942 from the Resident Engineer, The Nipani Electricity Co, to the District Magistrate, Belgaum.

"Ref :- Your letter No.W.A.R.-74 of 31st Aug. 42.

We acknowledge the receipt of your letter No. W.A.R.-74 dated 31st August 1942, and beg to state that the most suitable hours for the supply of electrical energy are between 7-00 P.M. to 1-00 A.M. (new-ti e and to cut off electricity supply between 1-00 A.M. to 7-00 P.M.

Regarding the supply of fuel to our Power-House, we wish to point out that 3 tons of Diesel oil will not be sufficient for these x six hours, as our daily consumtpion is between 32 and 35 gallons for these six hours and thus we will require at least 4 tons of diesel oil per month and request you to allot us 4 tons of diesel oil every month in which, we shall try our best to adjust for these six hours per day.

Again, we wish to point out that, at present we are supplying electrical energy to the Nipani Municipality for street lights and in dark nights i.e. for a fortnight in a month we keep our supply till 6-00 A.M. (new time). Now if we will shut down our supply after 1-00 A.M (midnight) it will cause a great inconvenience to the public for these fifteen days, which will be avoided if one ton oil will be kindly - supplied to us which will be sufficient for keeping the street lights on in the dark nights.

It is not possible for us to run our engines on other fuels than diesel oil.

Thus, if 5 tons of diesel oil will be allotted to us it will be just sufficient to keep the supply on for the minimum demand of our consumers and the Nipani Municipality. "

THE NIPANI ELECTRICITY Co. LIMITED.

REF. NO. 195 of 44/45. NIPANI, 24th August 19 44.

The Assistant Secretary to the Government of Bombay,
Public Works Department,
B O M B A Y.

Sir,

We beg to take this opportunity to put before your honour the following facts and request you to grant us permission for keeping the supply on till morning during the dark nights.

It is due to the rationing of Diesel Oil that our hours of supply are restricted to six hours from 7-0 P.M. evening to 1-0 A.M. midnight. The fuel oil rationed to 3 tons per month is just sufficient for the above hours of working. Recently, our supply of Diesel Oil is increased by half ton by the Controller of Supplies, Bombay. It is therefore possible as we are given this additional supply of Diesel Oil to keep the supply on throughout the nights during dark nights for the safety and convenience of the public.

For the last two years, we have been closing our supply at 1-0 A.M. midnight and the town is in darkness afterwards. The thieves and dacoits get more chances for their criminal actions. Owing to the complete darkness, the policemen find it very difficult to do their duty properly. The life and property of the public is unsafe. We, therefore, request your honour to kindly grant us permission for keeping the supply throughout the nights during dark nights which is possible for us with this additional supply of Diesel Oil granted to us recently.

We would be most grateful to your honour for favour of your early grant of the permission.

We beg to remain
Sir,
Your most obedient Servants.

Respected, Sir,

We beg to request you to grant us special permission for keeping the supply on throughout the nights from 6 P.M. to next day morning till 7-0 A.M. in DEVALI-FESTIVALS from 3rd, Nov. 1945 for four days; as the present supply hours are between the hours from 7-0 P.M. to 1-0 A.M. midnight, in a day per restrictions from 1-10-1942.

The Lakshmi and Saraswati Pooja is observed during these days and the lights are kept during the whole night till morning every year. Most of the consumers have approached us and requested us to obtain the necessary sanction to have the supply on throughout the nights in the above time, and hence the above request.

We beg to remain

The Secretary,
to the Government of Bombay, P. W. D.
BOMBAY.

Sir,

I have the honour to enclose herewith an English translation of the Resolution of the General Board of this Municipality and to --- state that this Municipality has electrified the whole town with ---- Electric Street lights. But since the Electric Supply is restricted to a period of six hours only as a War-measure, the street lights are --- lighted from 7 P.M. to 1 A.M. For the convenience and safety of the - public the lights are required to be lighted upto 5 A.M. The public also requires electric supply for private consumption during the night time. But as the supply is restricted to 6 hours only and as Kerosene - oil is not available great inconvenience, hardships are caused to the - public.

It is, therefore , requested that as the War is ended the -- restriction which was imposed as a War-measure may please be withdrawn in the interest and inconvenince of the Public and the period of supply may please be extended to 12 hours.

Favour of an early reply is solicited.

Your Obedient Servant,

President,
Municipal Borough Nipani.

DVP.

6173/36/31831

El.Br.(II). P.W.D.

Submitted (together with S.No.31637).

2. Sr.No.31637: - The Nipani Ely.Co.,Ld., is classed 'D' permitting 6 hours' supply. The actual hours of supply as fixed by the D.M.,Belgaum, with effect from the 1st Oct. 1942 are from 7 p.m. to 1 a.m.

For the reasons stated in their letter within, the Nipani Ely.Coy.Ltd. request permission for keeping the supply on throughout the nights from 6 p.m. to 7 a.m.next day during Divali Festivals from the 3-11-45 for four days. It has been decided separately to sanction tempy.supply for periods not exceeding 10 days in deserving cases.It is,therefore, for orders whether the Coy's. request may be granted.

3. Sr.No.31831: For the reasons explained in his letter within, the President Muncl.Borough Nipani,requests that the hours of supply at Nipani may be increased from 6 to 12 per day.

The general question of revision of the hours of supply of all Ely.Undertakings in this Prov. run on diesel oil is separately under consideration. On the recommendation of the El.Engr.to Govt., it has been proposed on that general case to change the classification of the Nipani Ely.Co. from 'D' to 'C', i.e., from 6 to 12½ hours.

Pending issue of the final orders on that case, the President, Munl.Borough Nipani, may be informed that the general question refd. to above is under the consideration of Govt. and that his request has been noted.

Subject: Revision of the hours of supply of electricity undertakings run on diesel oil.

Owing to the shortage of diesel oil, the hours of supply of various electrical undertakings run on that oil in this Province were restricted and the undertakings classified into 4 categories, vide Government Letter No.1932/36-M, dated the 24th August 1942. As the supply position regarding diesel oil has now improved to some extent, Government is pleased to change the classification in respect of the Electricity Supply Undertakings as shown in the subjoined statement:-

Name of Undertaking.	Present classification	Revised classification	Remarks.
District Ahmedabad.			
1. The Viramgam Electric Supply Company.	"C"	"B"	The District Magistrate, Ahmedabad should take into consideration the grievances of the Company set forth in their letter No.GTB/110,dated the 27th October 1945, while fixing the actual hours of supply according to the revised classification.
District Ahmednagar.			
2.The Sangamner Electric Supply Company.	"D"	"C"	
District Belgaum.			
3.The Nipani Electricity Company Limited.	"D"	"C"	
District Dharwar.			
4.The Dharwar Electric Supply Company.	"C"	"B"	The District Magistrate, Dharwar should take into consideration the needs of the Karnatak College while fixing the actual hours of supply according to the revised classification.
5.The Gadag Electric Supply	"D"	"C"	
District East Khandesh			
6.The Chalisgaon Electricity Company.	"C"	"B"	

Name of Undertaking.	Present Classification.	Revised.	Remarks.
		District East Khandesh	
7. The Jalgaon Electric Supply Company Limited.	"C"	"A"	The Company should be allowed to give 22 hours supply to all its consumers in Jalgaon.
8. The Savda-Faizpur Electric Supply Company.	"D"	"C"	In view of the revised classification, the concession granted in Government Endorsement No.6855/36-El. dated the 6th June 1944, is withdrawn.
		District Kaira.	
9. The Nadiad Electric Supply Company, Limited.	"C"	"B"	The District Magistrate, Kaira, should take into consideration the grievances of the Factory owners and Workshop Proprietors while fixing the actual hours of Supply according to the revised classification.
		District Kolaba.	
10. The Mahad Electric Supply.	"D"	"C"	
		District Nasik.	
11. The Sinnar Electric Supply.	"D"	"C"	
12. The Yeola Electric Supply Company.	"D"	"C"	
		District Poona.	
13. The Baramati Electric Supply Company, Limited	"D"	"C"	
14. The Junnar Electric Supply.	"D"	"C"	
		District Satara.	
15. The Panchgani Electric Supply Company, Limited.	"D"	"C"	
16. The Wai Electric Supply.	"D"	"C"	
		District Sholapur.	
17. The General Engineering Corporation, Limited, Barsi.	-	"C"	The Company Supply is permitted to give supply for 12½ hours instead of 10 hours as at present.
		District Surat.	
18. The Udwada-Wapi Electric Supply.	"D"	"C"	The hours at Udwada only should be increased to 12½, the present hours at Wapi being retained, viz.6 hours.
		District Thana.	
19. The Bassein Electricity Company Limited.	"D"	"C"	
20 The Palghar-Navli Electric Supply.	"D"	"C"	
		District West Khandesh.	
21. The Nandurbar Electric Supply Company.	"D"	"C"	

2. The Electrical Engineer to Government is requested to take action to increase the quota of diesel oil in respect of each of the above-mentioned undertakings.

3. You are requested to issue orders fixing the hours of supply of the undertakings within your respective District in consultation with the Supply Company concerned so as to suit local conditions, and to forward copies of the same to Government and to the Electrical Engineer to Government for information.

4. The above orders are in supersession of all orders issued on the subject from time to time in respect of the above-mentioned undertakings.

By order of the Governor of Bombay,

G. N. Pandit,
Deputy Secretary to the Government
of Bombay, Public Works Department.

D.A:- Nil.

Copy forwarded for information to -

the Commissioners of Divisions.
the Electrical Engineer to Government(with reference to the correspondence ending with his endorsement No. LRM.31/3747, dated the 28th November 1945).

2. The Electrical Engineer to Government should please make arrangements to increase the quota of diesel oil in respect of the undertakings concerned and report the fact to Government.

VPA.
7/12-.

Copy of the letter No.339 of 1945/46 dated 3rd January 1946, from the Resident Engineer, Nipani.

Subject:- Increase in the supply of electric energy.

With reference to your kind lette No.W.A.R.74 dated 20.12.1945 on the above subject, we have to state that the following hours will be suitable.

From 4-0 P.M. to 6-30 A.M. i.e. 14 1/2 hours perday for 15 days in a month during the dark nights.
and, from 4-0 P.M. to 1-0 A.M. and 5-0 A.M. to 6-30 A.M. i.e. 10 1/2 hours per day for 15 days in a month in moonlig nights.

This timing will facilitate industrial power consumers to run their industrial concerns during day time between 4-0 P.M. to 6-30 P.M thus, reducing the heavy load on out engines, which usually comes between 6.30 P.M. to 9-0 P.M. The Municipality regulates the street lighting timetable according to the moon lighting and during moonlit nights there is no lighting at all. And thus there being absolutely no demand for energy we have to run out big engines unnecessarily consuming extra oil and resulting in the wear of the machinery parts. But, if the supply is given as per our suggestion our engines will be running on practically on some load and the public in general will get the advantage of energy for lighting during the early hours of the morning.

It will thus be observed that the above suggested timings will suit the municipality as well as the public in general.

We hope, therefore, you will be kind enough to consider over the points and let us have your decision in the matter to enable us to act accordingly.

Subject:- Revision of the hours of Supply of Electricity undertakings run on diesel oil.

THE NIPANI ELECTRICITY Co. Ltd,

REF. NO. 265 of 1946/47. NIPANI, 19th September - 1946.

The Electrical Engineer to Government,
Public Works Department,
Bombay.

Dear Sir,

With reference to your letter No.LRM 31/2184 of 1946 o
13th, September 1946, we beg to submit below the information as asked for:-

1) Two generating sets of A3M type Deutz Diesel Engines of 40 KW each; and one Davey Paxman Diesel Engine set of 100 KW.

2) The Deutz sets take 30 KW each and Davey Paxman set takes 70 K maxium load.

3) The present total connected load is 190 KW and the peak load i 95 KW (Lighting only) on the system.

4) We are placing order for the new set of 115 KW within next wee and we expect the set within one year at site.

In connection with for suppling Electrical Energy for 24 hours we have to state that, the Deutz Engines are of the cheapest type, and have given a service of more than 10 years an most of the special parts have been considerably worn out, and s not available as they are of German make. The Davey Paxman set also purchased second hand during the war time and has worked m than 12 years or so. Most of it's parts have been worn out and are trying to precure them but, they cannot be immediately available. As such we have to use our sets most sparingly with ca

THE NIPANI ELECTRICITY Co. Ltd,

REF. NO. _____ NIPANI, _____ 19

view to prelong their efficient working till the time we would get a new set for which we are negotiating with some Bombay Firms.

Further, from our past pre-war experience we have observed that, we do not get any day load till 4-0 P.M. Under the circumstances if the Government insists upon supplying the Electri Energy for 24 hours, we will have to run our sets practically without any load from early morning till 4-0 P.M.

Looking to the present condition of our Power-House Machinery, we are not in a position to connect any further industrial -Power load until we receive our new set as stated abov

We hope, therefore, you will be kind enough to consider our case and exempt us for giving Electrical Supply from ,7-0 A.M. to 4-0 P.M.

Yours Most Obedient Servant,
For The Nipani Electricity Co, Ltd.

No. L.45/ 3532 of 1946.

Bombay, 11th December 1946.

Returned, with compliments.

2. Although the Company is in a position to take some additional load on the plant, it is not advisable to run any of its sets continuously underloaded for a long time. In order to prevent the possibility of serious deterioration of the engines, it is advisable to exempt the Company from supplying power between the hours of 8 a.m. and 4 p.m. in day time, when the load is extremely small, until such time as spare parts for their engines which are of Continental make are easily available.

3. It is, therefore, suggested that the District Magistrate may be advised to issue the necessary order under clause(a) of sub-rule (2) of rule 81 of the Defence of India Rules, as per para.3 of Government, Public Works Department, Circular No.8224/36-El.(II) dated the 30-11-1946, restricting the supply of energy between 4 p.m.and 8 a.m.

Secy (9).

6173/36/5.

PWD.

El. Br. (II).

Resubmitted with ref. to the Dy. Secy's query within.

2. According to clause 4 of the licensee, the licensee is required to give a full 24 hours' supply. Pl. see in this connection the Nipani Ely. Coy's letter, dated the 20-11-41. In the circumstances stated therein, Govt. granted the Coy. provisional permission to shut down supply from 6 A.M. to 4 P.M. for six months from the 22-12-41, as there was not sufficient day load, vide G.L. No. 5628/36-M, dated the 22-12-41. Subsequently, by G.L. No. 5628/36-M, dated the 25-6-42, the Coy. was permitted to give supply from 6 P.M. to 12 midnight only until further orders.

3. Under the scheme of rationing of diesel oil introduced in August 1942, the Nipani Ely. Coy. was classified "D" permitting 6 hours' supply per day

× copy at the commencement of Lic No. 5628/36 (sifted F).

Since removed

day. In the last general revision, its classification was changed from "D" to "C", ie., from 6 to 12½ hrs. per day. In accordance with the D.M., Belgaum's Order, dated the 19-8-46, which is at present in force, the actual hours of supply at Nipani are as at 'A' on p. 41 ante.

4. For orders.

O.R.O.
23-12-46.

I think it is necessary to find out actually that the day load is from how 6 hour. The Supply Co. may be asked to send this information (I presume 24 hrs supply is being given now).

THE NIPANI ELECTRICITY Co. Ltd.

REF. NO. 418 of 1946/47. NIPANI, 14th, Jaunuary, 47. 19

To,

The Deputy Secretary to the Government of Bombay,
Public Works Department,
B O M B A Y.

Sir,

1/ We are in receipt of your letter No. 1/.68 6173/36-El. (11) dated 30-12-46 and herewith submit the information called for.:

1) The present hours of supply:-
From 4-0 P.M. to 7-0 A.M. in dark nights, and from 4-0 P.M to 1-0 A.M. and from 4-0 A.M. to 7-0 A.M. in moonlit nights.

2/ The Load from hour to hour is given below for your kind information as per our Log-sheet of 1-1-1947.

Time.	Load in K.W.	Time.	Load in K.W.
4-0 P.M.	34.	1-0 A.M.	21.
5-0 "	35.	2-0 "	18.
6-0 "	50.	3-0 "	18.
7-0 "	82.	4-0 "	16.
8-0 "	80.	5-0 "	18.
9-0 "	66.	6-0 "	18.
10-0 "	66	7-0 "	18.
11-0 "	60.		
M - , "	37.		

(The peak load on this day is 82 but the Street Lights were not lighted on this day due to monnlit nights. Our Street Lighting load, is 9 K.W.)

3/ The total motive power load is 39.75 K.W. and we supply them energy from 4-0 P.M. to 6-30 P.M. and from 9-30 P.M. onwards i.e. we cut off our supply to Motive power-Load between 6-30 P.M. & 9-30 P.M. for 3 hours at the time of our peak load.

4/- With reference to above letter 1/.68 and the recent intervew of our Engineer Mr, Sane, we beg to state that, we have placed an order for One SLM Diesel Engine 234 B.H.P. as a stand by plant, which we expect in about Eight months time and would be ready to put in service at the end of this year.

5/- We hope, therefore, you will be kind enough to consider our case & exempt us for giving Electrical Energy from 7-0 A.M. to 4-0 P.M. in the day time till Jaunuary, 48, considering the reasons stated in our letter of 19th Sept-46. to the Electrical Engineer to Govt of Bombay; the copy of which is sent to you along with our letter of 24th Sept-1946.

Subject: Restriction in the use of electricity.

Reference: Paragraphs 3 and 4 of Government Circular, Public Works Department,No.8224/36-El.(II),dated the 30th November 1946.

2. Several Licensees have since applied to Government for restricted hours of supply of electric energy for reasons such as inadequacy of plant, non-availability of spare parts , want of motive power load, etc. after careful consideration,Government has decided to restrict the hours of supply in respect of the Electricity Supply Undertakings, as shown in column 3 of the sub-joined statement :-

Name of Undertaking.	Existing hours of supply per day.	Decision of Government.
District Surat.		
1.The Udwada-Vapi Electric Supply Company.	12½	The hours of supply at Udwada should be restricted to 12½ hours per day,i.e., from 6 P.M. to 6-30 A.M., and the hours of supply at Vapi should be extended to 24 hours.
District Belgaum.		
2.The Vipani Electricity Company.	12½	The hours of supply should be restricted to 16 hours from 4 P.M. to 8 A.M.
3.The Light and Power Suppliers Limited, (Athni).	6	The hours of supply should be restricted to 6 hours per day.
District Thana.		
4.The Palghar-Navli Electric Supply Company.	12½	The hours of supply should be restricted to 12½ hours per day.
District Dharwar.		
5.The Byadgi Electric Supply Company.	6	The hours of supply should be restricted to 6 hours from 6 P.M. to 12 midnight. The Company should,however, be asked to make immediate arrangements to install an additional set so as to fulfil its obligations to the existing as well as prospective consumers.

6...

Name of Undertaking.	Existing hours of supply per day.	Decision of Government.
6. The Ranebennur Electric Supply Company.	5	The hours of supply should be restricted to 6 hours per day, the actual hours being fixed according to local conditions and the requirements of the Ranebennur Municipality for the street lighting.
7. The Haveri Electric Supply Company.	6	The supply should be restricted from 6 P.M. to 12 midnight and in accordance with the Haveri Municipality's street lighting schedule.
8. The Gadag Electric Supply Company.	12½	The Company should be allowed to give supply only during the night time, i.e., from Sunset to Sunrise. It should, however, be asked to make early arrangements to install an additional set so as to be able to fulfil its obligations to the existing as well as prospective consumers.
District Satara.		
9. The Allied Electric Agencies Limited (Koregaon).	7	The hours of supply should be restricted to 12 hours per day during the night time, the actual hours being fixed by the District Magistrate according to local conditions.
0. The Karad Electric Supply Company.	19	The hours of supply should be restricted to 19 hours from 4 P.M. to 7 A.M. and from 8 A.M. to 12 Noon.
District East Khandesh.		
11. The Savda-Faizpur Electric Supply Company.	12½	The hours of supply should be restricted to 16 hours from 6 P.M. to 10 A.M.
District Kolaba.		
12. The Matheran Electric Supply Company.	12 hours during the months of October, November, December, April and May and upto the 15th June and 6 hours during the remaining period of the year (vide the District Magistrate's Corrigendum No. P.O.L.S.R. II/143, dated the 26th November 1946).	The existing hours of supply should be continued.

3. You are requested to issue appropriate orders under clause (a) of sub-rule (3) of rule 81 of the Defence of India Rules as continued in force by section 2 of the Emergency Provisions (Continuance) Ordinance,1946, fixing the hours of supply as indicated above in respect of the Undertakings within your jurisdiction, and to forward copies of the same to Government and to the Electrical Engineer to Government for information.

4. The Electrical Engineer to Government is requested, where necessary, to take action to increase the quota of diesel oil in respect of the above-mentioned Undertakings.

5. These orders are in supersession of all orders issued on the subject from time to time in respect of the Undertakings mentioned above.

By order of the Governor of Bombay,

G. N. Pandit,
Deputy Secretary to the Government
of Bombay, Public Works Department.

D.A:Nil.

Copy forwarded for information to -

the Commissioners of Divisions,
the Electrical Engineer to Government.

2. The Electrical Engineer to Government should, please, make arrangements, where necessary, to increase the quota of diesel oil in respect of the Undertakings mentioned above and report the fact to Government.

3. The Electrical Engineer to Government is also requested to see that the Supply Companies concerned take necessary steps to bring their plant up to standard with the minimum delay possible.

Copy also for information to the Secretary, The Association of Electrical Undertakings, Bombay Province.

Reler U.O.No. MDL-4/32/19310, dated the 19th August 1947, from Government in the Public Works Department.

No.LDM.31/1858 of 1947. Bombay, 27th August 1947.

Returned, with compliments.

2. There has been so far no change in the circumstances which necessitated the restriction in the hours of supply in respect of the Supply Companies mentioned in para.2 of the Secretariat office note at pages 103-104. These Companies have not yet secured the additional generating sets for which they have placed orders long ago and, in view of the bad condition of the existing plant, it is not advisable to run it for longer hours, specially during the day time when there is practically a very small load available. I, therefore, consider that in the interest of the plant the Companies referred to above may be allowed to continue the restricted hours of supply, as sanctioned in Government, Public Works Department, letter No.8224/36-El.(ii) dated 10th March 1947, at pp.93-95 ante, by issuing an executive order, - vide in this connection para.3 of Government, Public Works Department, letter No.8215/36-El.(ii) dated 21-10-1946.

Messrs. The Nipani Ely. Coy., Ltd.,
Nipani.

Subject:- Hours of supply at Nipani.

Dear Sirs,

With reference to the correspondence ending with your letter P69 No.418, dated the 14-1-47, on the subject mentioned above, I am to state that Govt. is pleased to permit you until further orders to supply energy at Nipani for sixteen hours only from 4 p.m. to 8 a.m. next day. This order supersedes all the previous orders issued by the D.M., Belgaum under sub-rule(2) of Rule 81 of the Defence of India Rules, ~~1939~~ which are no longer in force.

2. In this connection I am to remind you of your responsibility of bringing your plant up to standard as soon as possible in order to fulfil you obligations under the I.E. Act,1910. You are accordingly requested to make immediate arrangements to instal an addl. set and report the progress made in this connection to Govt. every three months.

Yours faithfully,

D.A.:-Nil.

THE NIPANI ELECTRICITY Co. Ltd.

REF. NO. 580 of 1947/48. NIPANI, 12th, Feb - 1948

The Under Secretary to the Govt of Bombay.

Public Works Department,

B O M B A Y.

Dear Sir, Sub:-Hours of supply at Nipani.

We beg to refer you to your letter No.6173/36-El.(C) of 27th, Nov-1947. and have to state that, we have been informed therein to supply electrical energy from 4-0.P.M. to 8-0. A.M. n day for 16 hours only, till the time we receive our new Generati Set and put it in operation.

2 Now, we have to approach you as we are not getting sufficient quantities of Diesel Oil due to shortage of Diesel Oil and the scarcity of tank Wagons and the Company from whom we are receiving our Diesel-Oil Supply for the last eight years have informed us that they cannot commit to meet our regular quota due to above reasons.

3 We, therefore, beg to state that we may be allowed to supply power from 4-0.P.M. to 7-0.A.M. for 15 hours daily, instead of 16 hours as there is practically no load from 7-0.A.M. to 8-0 for one hour; and by this, we may be able to save some Diesel-Oil at this critical time.

4 Hope, you will consider our above request favorably and inform us at your earliest.

5 Secondly, we herewith report the progress made by us of the erection of a new Generating Set, as required by you. The 234 B.H.P. SLM Engine is already railed from Bombay in the last month and we expect to receive it here in a couple of days. The Alternator and Switchboard will be also ready for delivery within two months time, as per manufacturers advice.As soon as we will receive all the above machinary we will erect the same and put it in service.

Yours Obedient Servant.

The Deputy Secretary to the Govt. of Bombay,
Public Works Department,
B O M B A Y.

Sir, Re:-Reduction in the present hours of supply.

We beg to state here for your kind information that our monthly quota of Diesel-Oil is reduced from 2400 Gallons to 1940 Gallons by the Standard Vacuum Oil Co, Bombay, due to shortage of Diesel-Oil and also transport difficulties. It is, therefore, necessary for us to curtail some hours, in the present hours of supply. Hence, we request you to allow us to shut-down our Electric supply to all consumers from 1-0.A.M to 5-0.A.M. in the moonlit nights and at 6-30.A.M. instead of 7-0.A.M. till the time we receive Diesel-Oi in sufficient quantities per month. We beg to state for your kind information that, at present we supply Electrical energy to consumers for 15 Hours per day, i.e from 4-0.P.M. to 7-0.A.M.

Dear Sir, Sub;-Hours of supply of electric energy at Nipani.

We are in receipt of your letter No.6173/36-EL(c).of 9th, June 1948, we beg to state as under.

1) 3LM 234-B.H.P. Engine is already arrived here at powerhouse site, some three months back.

2) Alternator is expected here within two months as per recent manufacturer's Agent's advise. The delay is due to unavoidable present situation as stated by them.

3) The Swwitch board panel is also expected to be ready within next three months.

4) We got the permit for cement and we have placed an order for the same.

We expect all the machinery and materials required for erecting the Generating Set within next three months and the same will be erected immediately and put it in service.

Yours faithfully:-

Sub.:- A plea to Increase the Supply of Electricity In The Town.

Respected Sir,

Ack. for remarks early

We humbly beg to submit the following few lines with regard to the subject mentioned above. And hope to receive a sympathetic and favourable reply from you.

Prior to inception of last War we used to get a regular supply of power for 12 hours. At that time also people have filed their applications to the effect that the supply may please be made for 24 hours and thus help growth of mechanical ~~em~~ and other concerns in the town.

But in the War period, instead of increasing the supply the Gov have to cut short the existing one, in pursuance of their austeri-ty drive. Thus the supply came to 8 hours a day.

Three years have passed since the War ended. But not until now that the pre-war supply of Electricity has been resumed to ~~the~~ Then it is needless to say that the talk of 24 hour-supply remained in the air.

Now,Sir, it is needless to spend much lines in raising arguements in support of our ~~&~~ request which is in itself a sober one and which is in tune with the march of time. It has the fuller potentialities for the further growth and prosperity of the town, and thus to play a prominant role in advancing the cause of the country.

Please see that :-

(i) the supply of power be made for 24 hours in the near future;

(ii)and secondly that the pre-war supply be resumed to the immediate effect.

Hoping to be excused for the troubles,

beg to remain,
ir,

2. According to clause 4 of the license the Nipani Electricity Company, Limited is required to give a full 24 hours supply. During the War-time the hours of supply however, had to be restricted. First they were restricted to 6 hours and with the improvement of the oil supply they were increased P 48 to 16 hours by an executive order superseding all the previous orders issued under sub-rule (2) of Rule 81 of the Defence of India Rules. The restriction in the hours of supply have had to be ~~curtailed~~ retained P 77 in case of Nipani Electricity Company, Limited, owing to the bad condition of the existing plant. The Company was asked P 81 to make immediate arrangement to install an additional set in order to fulfil its obligations under the Indian Electricity Act, 1910. The present hours of supply are 10½ hours due to P P C, 3-94 -El. paucity of Diesel-oil vide Govt. letter No.6173/36(c), dated the 21st April 1948. ~~In view of~~ From P 105 the report of the Electrical Engineer to Government, it will be seen that ~~the~~ Co.'s plant is overloaded at present and cannot be run continuously for 24 hour's supply. The new set has already been received at site and is expected to be erected and put into commission during the next three months. The Company will be able to give continuous supply to Nipani town when the new set starts functioning. The citizens may be informed accordingly as per draft P 109 put up for approval.

Copy of letter No.724 dated the 13th March 1949, from the Nipani Electricity Co.Ltd., Nipani, to the Electrical Engineer to Govt., P.W.D., Bombay. Re:-Increase in the hours of supply.

======

We state here that, we wish to increase the present hours of working as mentioned below from the commencement of dark nights of this month. At present the hours of supply of Electricity are from 4-0 P.M. to 1-0 A.M. and from 5-0 A.M. to 6-30 A.M. daily. Henceforth, we wish to keep our Electric supply during the whole night in dark nights and to have as at present during moonlit nights.

We are approaching the Oil Company to increase our monthly quota for these increased hours of supply.

To

The Resident Engineer for the
Nipani Electricity Co. Ltd., NIPANI.

Subject:— Bombay Shops and Establishments Act, 1948. Inconvenience caused by inadequate supply of Energy.

No. M.S.C.S.R.-169. Belgaum 16th December, 19

As you are aware the Bombay Shops and Establishments Act, 1948, has been applied to the Nipani Municipal area with effect from 1-11-1949. Under the above act, the hours of opening and closure of shops and establishments including Saw mills, Flour mills, and Radio Services, are as under:—

7-00 A.M. — 8-30 p.M.

Some of the owners of the above establishments have complained that they are severely handicapped due to the inadequate supply of Electricity. It is understood that according to the conditions of the licence the Co. is required to supply electric energy, continuously for 24 hours. please, therefore, state in detail why the Supply of Energy is restricted to 11 hours only viz 4-00 p.M to 6-30 p.M. and from 10-00 p.M to 6-30 A.M for power purposes and whether you can Supply energy for the full 24 hours. If it is not possible, please let me know whether the hours of Supply of energy can be so adjusted as not to inconvenience the owners of the Shops and Establishments governed by the act for purposes of opening and closure of shops

please reply by 15-12-1949 without fail.

True-Copy

Dear Sir,

Sub : Bombay Shops and Establishments Act - 1948.
Inconvenience caused by inadequat Supply of Energy.

Ref : Your letter No. M.S.C.S.R. - 169 dated 10-12-1949. L.138

With reference to your above letter we beg to state that, the supply of Electric Energy for lighting and power purposes is rectricted by Under Secretary to Government, P.W.D., Bombay, as per copy enclosed herewith.

We mention here that, very recently we have erected one New Generating Set of 140 KW capacity and put it in service from Depavali. Besides this, there are three old Generating Sets working, two sets of 40 KW capacity and one Set of 100 KW capacity, and these three sets require thorough overhauling, as they are continuous working for the last 13 years. We could not attend to these sets as there was no spare plant to work if these sets would have been opened for repairs, before the erecti of the new set. Now, we have taken up this work and would require about three months to complete the job.

Secondly, it is necessary to shift the Switchboard from the existing place and take ahead due to the extention of the powerhouse building and addition of a new generating set. This work is also in progress and will require about a month's time to complete it. We have to attend to this work while the supply is shut down.

With the reasons stated as above, we are not yet in a position to supply Electric Energy continuously for 24 hours for about next three months. However we will be able to supply power from 2-0 P.M. instead of 4-0 P.M. i.e. two hours earlier daily, which will help the consumers using power for Grinding Mills and other industrial purposes till the time we complete all the repairs as stated above. We will commence the supply from 2-0 P.M.

(P.T.O.)

immediately after hearing from you.

Yours faithfully,
For The Nipani Electricity Company Ltd.,

Resident Engineer.

THE NIPANI ELECTRICITY Co. LIMITED

REF. NO. 837 of 1949/50. NIPANI, 28th, February

The Under Secretary to the Government of Bombay,
Public Works Department,
BOMBAY.

Dear Sirs, Sub:- Hours of Supply. 1145

Ref:- Your letter No.6173/36-El(II) dated 16-2-1950.

We regret to state that, owing to a sudden failure of one of our Generating Set of 165 B.H.P. capacity a few days back it delayed by us in replying your above letter and hope to be excused for the same.

A crack is developed in a Crankshaft of above Generating Set of 165 B.H.P. and we had to keep the same idle till the time we replace it by a new crankshaft. We have inquired to Makers in England by air mail and hope to receive a reply from them very soon. The above set is working here for the last ten years, and was working above 12 hours a day.

Now, there is only one big Set of 234 B.H.P. capacity, which is working daily from 3-0 P.M. to 1-0.A.M. for about 10 hours a day and this set we have to use very sparingly mostly for lighting purposes till the time we procure new crankshaft and put the set in service. The other two sets are of much smaller capacity and they are used at the time of peak load and after midnight till morning. These two small sets are of German Make and are working here for the last fourteen years. The original spares are not yet available, and hence they are not dependable. In the above circumstances, we are not in a position to increase in the present hours of supply.

Yours faithfully,
For The Nipani Electricity Co, Ltd

2. The S-Engr's letter may in the first instance be regd. to submit his figs. for the remarks. From the engineering remarks of para 3 of the letter it seems that the Engr. intends to give supply from 3 hrs to 1 am which will be too inadequate, if the above presumption is correct. It is also not understood that when the Engr. is aware of the ageng of its acts, why it is not making arrangements to replace the same by new ones, which is obligatory under one of the provisions of the Act, 1910.

Below U.O.R.No.6173/36/25515 dated the 25th April 1950, from Government in the Public Works Department.

No. L.45/ 6713 of 1950.

Bombay, 12th August 1950.

Returned, with compliments.

2. The safe loading capacity of the installed plant is 230 K.W., and the peak load on the station is 120 K.W.

3. Due to the sudden break-down of set No.3, the Company has been forced to reduce the supply to 10 hours per day and to abandon, for the present, the proposal of giving 17 hours supply. At present, set No.4 is the only dependable working set in the power house.

4. The Company has not placed an order for an additional set. It proposes to recondition all the three old sets by ordering out some genuine spare parts from abroad, which were not available till now. The Company has ordered out a new shaft for set No.3 and it will take about a year for the same to arrive in India. The Company has also ordered out some spare parts for sets Nos.1 and 2 from abroad which are likely to be received within the next two months. After replacing the parts and reconditioning sets Nos.1 and 2, the Company expects to materially improve the load condition and to meet the immediate demand of the town, and also to increase the present hours of supply. The purchase of the additional plant is not, therefore, considered necessary for the present.

REF. NO. 415 of 1950/51. NIPANI, 25th September, 1950.

The Deputy Secretary to the Government of Bombay,
Public Works Department,
B O M B A Y.

Dear Sir,

Sub : Hours of Supply at Nipani.

Ref : Your letter No.6173/36-El(II) dated 30-8-1950.

We acknowledge the receipt of your above letter and beg to state that, we have mentioned in our letter No.837 of 1949/50 dated 28-2-1950 that due to the sudden failure of on of our 165 B.H.P. Generating Set, due to the defect develope in the crankshaft, we would not be able to increase in the present hours of working, and had not requested for the reduction in the working hours. The present working hours are from 3-0 P.M. to 7-0 A.M. next day, i.e. for 16 hours a day and we do not feel necessary to curtail them to ten hour per day which will cause a great inconvenience to our consumers.

We, therefore, request you to kindly modify the orders issued in your letter No.6173/36-El(II) dated 30th August 1950 and allow us to give supply for 16 hours a day, i.e. from 3-0 P.M. to 7-0 A.M. next day. We mention here tha we are continueing to give supply from 3-0 P.M. to 7-0 A.M. next day, per day till we hear from you in the matter.
